I urge you to attend the hearing on a possible bank being started by Wal-Mart. Consolidating banking in the hands of the largest corporation in the world of retailing is a dangerous situation! We cannot tolerate the possibility of local community banks being put out of business, as well as refusing to make loans to local businesses. Please go to the hearings and listen to the concerns of the witnesses--the welfare of the citizens of this country is at stake.

I sincerely trust that you will consider all of the consequences before taking final action, and do the best thing for all of us.
